(Then I put a "Too, too Long phrase ")

At first, it seemed trivial rather than "This is it!", But what I didn't stop too much grew up without knowing it somewhere in my heart Suddenly appeared in front of me at a place, "Oh, was this the main story?"

And later, I notice "as a result". At the last minute, on the brink of the last minute, I hurriedly moved to that place, and in the last few times, I had not suffered from trouble or error, and there were many times in the past. Since I was a child, I was a short-circuiting person with a short-circuit thinking of "I had been thinking about it for 100 years" so that my parents could label it as "a typical sample of wild boar", but after various experiences I was reminded that "the idea is only an idea", and recently, even if I hit the knee without thinking "This is this !!", after that I "put a patience" for a while and dare to throw that idea. It was.

He said, "The idea is only an idea. Until it seems like that, I will attach a time to each case, and be sure to give time."

This was just the case I mentioned earlier when moving to a large IT company in Japan to get a large-scale number of customers. "I think 100% relocation is the correct answer, but just let it go anyway. It's better to pay attention to" 100% matters, anyway"

Therefore, be careful with the phrase "Too much calmly settle down and To get the luckas it happens from the Heaven"

But unexpected or "gourd to pieces" with a surprise, rather the truth, there is a way. It may be nice to keep your nose out and wait for a while.

After all, "the operation of heaven and earth" and "the work of the mind" are immeasurable in "human intelligence that is only a product of the brain, because never can measure by it`s using"

And the conclusion under above thinking is " I will do my best and wait for the voice of mission from the Heaven "and finally" put luck to heaven "

Above I all accept, can I?

And it`s sure I can obey the Sumo-Wrestlers" Goh-Ei-Doh`s comments, below

From our Yamato-spirit, "Be Patient but no stay too much and will gone away like a window"

(Additional note: I'm sorry for saying "Too, too long phrase", I'm sorry. Gomen-nasai!!)
