We would like to inform you that we have prepared a library for the announcement so far. Due to the large number of articles in the essays, diaries and reviews, it will take some time to organize them. We will guide you as soon as it is completed, so please thank you for that section. (Addition)

Customers who came to us today liked the T-shirt with the "Namaste every body" logo that our employees came to, and asked us to share it. Currently, we are dealing with the matter as a promotional item or as an original item, and we are coordinating with the promotion staff of Nepalese, so please wait for a while.
