(Utokyu`s Easily understandable & speakable Japanese language lesson Onomatopoeia)書庫版

From now, we will start new series.

By the way, do you know this word “Onomatopoeia”?

It`s the words contained sound effects.

For example, famous word in English, it`s dog`s “Bow Wow”, cat`s “Mew Mew”

In Japanese, we say in our way “Wan Wan”, “Nyaa, Nyaa”

The same matter above both.

In Japanese language, these “Onomatopoeia” words, we have so many and so use.

In this new series, we will introduce these, because maybe, you no understand these used onomatopoeia words when you hear in many cases of Japanese people speaking.

Such a theme, in official Japanese language course they no touch and treat, because in Japan on official scene, we no use onomatopoeia words, but in usual scene we use onomatopoeia words so many.

Nevertheless, oppositely onomatopoeia words, it sounds very alive and real, then has communicational power.

Therefore, we decided to set up new series for good communication with foreigners who stay in Japan now.

From next article, let`s start this series.

Thank you.
