ボスのでかい声

ボスはよくしゃべります。特にお店に顔見知りさんが来るとますます喋り捲ります。声が大きくて、結構過激なことを言うので、他の席のお客さんが黙ってしまいます。ボスは私のボスだし、いろいろお世話にもなっているので、注意もできません。でも、これでは他のお客さんが来なくなってしまいます。困ったものです。

Boss`s loud voice

Boss is too much speaker. Especially, when he meets another known customer in our restaurant, his speaking is getting too much, much.

As he speaks with loud voice, and contents of speech are little bit radical, other customers in the neighbor boxes are getting silent

Boss is my boss and serves much support to us, therefore I never say, "would you shut your mouth? please"

But, this loud voice and radical speech will bring us no customers comings

A little bit oh, my god!!
