2018/1/5 (ブログ) 楽しい時間

マムが帰国したので、無償でお借りしていた車いすを地元の社会福祉協議会に返しに行った後、ボスと二人で、早速、新百合ヶ丘駅の北側地区を歩き回りました。

もちろん第三店舗の候補地を探すためです。まずは昨日話した地図を作るためです。 ボスは昨夜、本屋さんに行って、早速、麻生区全域の大判地図を買ってきたそうです。 歩いたのが南側ではなくて、北側なのは、南にはすでにカレーレストランがあるからです。 それと、北側は南の後に開発された新興住宅地で、集合住宅が多いからでもあります。 集合住宅のタイプで言うと、分譲マンションではなく、賃貸マンションやアパートタイプで す。北側地区にはそれが多いのです。

カレーを食べにくるお客さんは、お金持ちはあまりいません。貧乏な人もあまり来ません。 ちょうど、真ん中くらいの暮らしの人が来てくれているようです。

そして、その人たちが住んでいるのが、この賃貸マンションやアパートなのです。

共働きが多いので、作るのが面倒くさい時のテイクアウトや、日高屋みたいなレストランの ラーメンに比べて高いので、お昼や夜に「たまにはちょっとした贅沢をしたい」ときにくる みたいです。

でも、最近は夜のテイクアウトが増えてきました。

というのも、お店で食べるより、テイクアウトの方が、一人前当たり 200 円安いことをお客さんが気づき始めたからです。

一人当たりの儲けは減りますが、その分出る数が増えて、まぁ、そこそこ、儲かっているので、それはそれでいいんですけど。

ボス流にいうと「儲かりまっか?」「ま、ボチボチでんな」というところでしょうか。 とにかく、第三店舗はうまくいってほしいです。うまくいけば、故郷への送金がかなり楽に なります。ひょっとしたら、週一回お休みが取れるようになるかもしれません。

そうなったら、近くの遊興街、町田のキャバクラにボスと一緒に繰り出して、若いおねえちゃんとハッピー、ハッピー。ダンス、ダンス、ダンス。

もちろん、ビムさんには内緒です。

それにしても、朝のリサーチは楽しいです。丘陵地帯なので眺めはいいし、エクササイズにもなるし、歩きながらボスともたくさん話せるし、第一、いろいろ発見があって面白いからです。夢も膨らむし。

明日の朝もお店が始まる前、ボスと待ち合わせてリサーチ歩きをします。 ひょっとしたら、こういう時間が一番楽しいのかもしれませんね。 「明日どこにいこうかな?」

Amazing time

Since Mam went back to home town, I visited at social welfare office in Asao for returning the wheelchair which is lent from them with free fare, and after visiting, both of 2 with Boss, we immediately walked around on the northern area nearby Sin-Yurigaoka station

Of course, the aim is looking for the tenant-candidate. And first, is for making up the map which is my yesterday's talking

I heard from Boss he went to a book store and got it which is the big map all covered Asaoward

The roads we walked around is not southern area, but northern area, because in South, already has been Indian curry restaurant

And North is the later developed and built up area than South and has many housing complexes

The type of them, it's not owner possessing Mansion type, but rental mansion or apartment type and these are many located rather than in South

The customers who coming to us for having curry dishes aren't Rich layer nor Poor layer, but middle layer ones

And these people living ones are the rental mansions and apartments above

Since double income worker in pairs are so many, in the case after working, they feel cooking so troublesome, they use takeout style dishes

Or, since curry dishes more expensive for them rather than ramen noodle dishes, for example Hidaka-ya restaurant chain, I guess they want to have a little bit gorgeous lunch or dinner sometimes, and then they come to our or curry restaurant

But recently it seems dinner takeout style in the evening are getting increase

Because our customers are getting notice or finding out the takeout style is ¥ 200 lower price than having a lunch or dinner style inside our restaurant

The earnings per one person is reducing, but on opposite, the numerals of customers

increasing, therefore totally amount of earnings a little bit and balanced increasing

I feel not so bad

By Boss's style saying

"Are you getting earnings well?" "it's not so much, but not so little" and so on

Anyway, the 3rd our restaurant is getting in success, I wish strongly

If it were in success, we could get a good condition for sending the money to my children and that will make me much more in relax one

If it happens, we might have or take a holiday in every week

And if it so, I and Boss whom I will invite go out to cabaret club in Machida-city which is the biggest play spot around near here and then saying like a singing "Happy, happy", and dancing and dancing with young pretty girls

Of course, it's the top secret to Bhim-san

By the way, researching in the morning is very amazing for me.

Because this area is on high land and therefore has a nice view and additionally, walking for research brings us good exercise and much more talking time with Boss, and on it above all added we can have many finding outs. And plus, our dreams balloon up

In the next morning before starting our shop works, with my Boss, I`m going to walk around for researching

Perhaps not impossibly, having such a time, it might be the most delightful time no comparing with anything, I feel

"Where shall we go, Ah?"

Thank you
